

THE  
WILDE

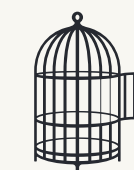

## THE WILDE

The Wilde is a private members' club located behind the discreetly closed doors of a modernist villa on the elegant Via dei Giardini, in the heart of Milan. It is designed as a vibrant meeting place for curious, creative, and internationally minded individuals. It brings together culture, business, gastronomy, and community under one roof, offering thoughtfully curated events, inspiring conversations, and a warm yet refined atmosphere.

More than just a club, The Wilde is a dynamic network - a space where meaningful connections are made, ideas are shared, and members feel both at home and stimulated.

## 01 OUR SPACES

*Our spaces, shaped by MOOD & INTENTION  
where DINING, DESIGN AND ENERGY move  
fluidly, inviting connection and curiosity*

# THE CLUB ROOM & THE GARDEN

The Club Room is the heart of the club, shaped by its gatherings, a curated bar and a sense of spontaneity that lingers in the air.

Extending into The Garden, it offers a considered approach to all-day dining, where familiar Italian dishes meet international classics in a setting that invites both occasion and impulse.

## THE GARDEN

On the ground floor, The Garden moves at its own pace. A place for al fresco dining and afternoons.

Sunlit, relaxed and effortlessly social, it invites people to stay a little longer than they intended.

# THE LIBRARY

The Library is an elegant and cosy space for meetings, focused work, conversation, or a moment alone, accompanied by coffee, tea and dining throughout the day. It also serves as a setting for cultural gatherings.

# NINA

NINA is a playful Nikkei restaurant where Latin soul meets Japanese precision in a space that's built for surprises, connection and serious fun.

# AVA

AVA is fresh, Mediterranean and family style. Relaxed yet elegant. It's smart casual, never stiff. From oysters served fresh at the AVA Oyster Bar to the grill, plates are designed for sharing, connecting and enjoying great food together.

## AVA ROOFTOP

Perched on the fourth floor, AVA Rooftop is a private open-air setting made for hosting during the warmer months: sunlit lunches, aperitivo gatherings or dinners under the stars.

Serving Mediterranean, seasonal dishes where produce and flavour take precedence.

# ARTURO'S

A place of respite for cigar aficionados.  
Arturo's proudly houses elegant cedar-wood keeps for your cigar boxes, a beautiful hand-crafted humidor and walls adorned with works by Andy Warhol.

## KIKI

KIKI is a haven for those seeking moments of escape within a dreamlike atmosphere. From 6pm onwards, it brings a new energy to The Club Room and The Library through an eclectic music line-up, premium spirits, a curated wine selection, refined décor and a menu designed for sharing and lingering over the course of the evening.

A sort of exhibition gallery within the club, where music, design and atmosphere take centre stage. An intimate setting that embraces a more sensory idea of luxury.

As dinner gives way to the evening, the mood gradually shifts. Conversations linger over drinks, the music gathers momentum and the night unfolds with a more playful, spontaneous energy.

KIKI seeks to create an environment centred on beauty and shaped by a nonconformist spirit.
